Gentlemen,	286

COURSE OF STUDY.

The Course of Instruction for the State Normal Schools of Pennsylvania, approved by the State authorities, embraces two distinct courses of study: *The Elementary Course*, and the *Scientific Course*.

THE ELEMENTARY COURSE.

Language.—Orthography; Reading and Elocution; English Grammar; Composition; Outlines of Rhetoric, and English Classics; Elements of Latin, including the First Book of Cæsar, through the Helvetian War.

Mathematics.—Arithmetic; Elementary Algebra; Plane Geometry, including the circle.

Natural Science.—Geography, including the leading principles of Physical and Mathematical Geography; Physiology; Natural Philosophy; Botany.

History.—History of the United States; Constitution of the United States.

The Arts.—Penmanship; Drawing; Vocal Music; Book-keeping.

Professional Studies.—School Economy; Methods of Instruction; Mental Philosophy.

Practice of Teaching.—This includes at least forty-five minutes daily practice in the Model School, for one-half of a school year, and two meetings each week for the discussion of the Practice of Teaching.

THE SCIENTIFIC COURSE,

In addition to the branches required in the Elementary Course, embraces the following:

Language.—English Literature, as much as in Shaw, and the study of English Classics, for one-third of a school year. Four Books of Cæsar.

Mathematics.—Geometry; Higher Algebra; Plane and Spherical Trigonometry; Surveying; Analytical Geometry, and Calculus.

Natural Science.—Chemistry; Natural Philosophy; Zoology; Geology and Astronomy.

History.—General History.

Professional.—Mental and Moral Philosophy; Logic; Methods of Instruction.

Substitutions.—Students may substitute for Spherical Trigonometry, Analytical Geometry, Calculus, the Mathematical parts of Natural Philosophy and Astronomy, and the latter third of Higher Algebra—an equivalent amount of Latin, Greek, French or German.

MISCELLANEOUS PROVISIONS.

Pupils to graduate in a Normal School, must attend twenty-one weeks.

Pupils applying for a diploma in either course, must be examined in all the studies of that course.

Thesis.—In each course a thesis must be written upon some educational subject.

At examination, a paper stating that the candidates have completed the course of study for Normal Schools, have taught the required time in the Model School, and have been examined and approved by the Faculty, shall be presented to the Board of Examiners.

Applications for second diplomas must be presented to the Board of Examiners at their regular session.

EXAMINATIONS.

The examinations for graduation are conducted by the Faculty of the School and a Board of Examiners.

The Faculty first examine the candidates, and if they find them qualified, refer them to the Board.

The State Superintendent, (or the Deputy Superintendent) who is president of the Board; two Principals of State Nor-

mal Schools, and two County or City Superintendents of the First District, constitute the Board of Examiners.

The final examination of the Graduating Class occurs about two weeks before commencement ; the date is fixed by State Superintendent.

CERTIFICATES AND DIPLOMAS.

A student graduating in the Elementary Course will receive a certificate, in which will be named the branches he has studied, and by which he will be constituted *Bachelor of the Elements* ; the diplomas of those graduating in the Scientific Course will enumerate the distinctive branches of this course, and constitute their holders, *Bachelors of the Sciences*.

Regular graduates who have continued their studies for *two years*, and who have practiced their profession for *two annual terms*, in the Common Schools of the State, and who have presented to the Faculty and Board of Examiners a certificate of good moral character and skill in the Art of Teaching from the Board or Boards of Directors in whose employ they have taught, countersigned by the proper County Superintendent, may receive diplomas, constituting them *Masters* in the several studies embraced in the Course in which they graduated, and conferring upon them corresponding professional degrees, as follows :

Master of the Elements.

Master of the Sciences.

These diplomas are permanent certificates of the highest grade. *They confer upon their holders the right to teach the branches named therein in the public schools of Pennsylvania, without further examination.*

The Normal School law makes it the duty of the authorities of the Normal Schools to grant diplomas or State Certificates to *actual teachers in Common Schools*, without their having attended the Normal Schools as students. The following are the conditions upon which these diplomas will be granted :

1. Each applicant must be twenty-one years of age, and of good moral character, and he must have taught successfully during three successive annual terms in Common Schools in this State, the proof of age to be the declaration on honor of the applicant ; and of moral character and the

satisfactory discharge of the requisite terms of teaching, a certificate from the proper Board or Boards of Directors, signed by the President and Secretary, and countersigned by the proper County Superintendent or Superintendents.

2. The examination to be in the Elementary or Scientific Course, as the applicant may select, according to the list of studies as printed in the circulars of the State Normal Schools, and approved by the Superintendent of Public Instruction, or in such other studies as may by the Board of Examiners deemed equivalent.

3. Any person obtaining a certificate in the Elementary Course may, at the next or any succeeding annual examination, be examined for the higher course, and obtain the proper certificate.

4. Each applicant to prepare and present to the Board of Examiners an original thesis of not less than six folio pages of manuscript, on some professional subject, to be retained at the School where the examination takes place.

5. The examination and certificate to be without expense to the applicant, and the certificate to be full evidence of qualification to teach the branches therein named, in any part of the State, without further examination.

SCHEDULE OF STUDIES.

(AS ARRANGED FOR THIS SCHOOL.)

MODEL SCHOOL.

Pupils finishing this course are prepared to enter the Junior Year of the Normal Department.

D Class.—Language Lessons, Reading, Spelling, Fundamental Rules of Arithmetic, Geography.

C Class.—Language, Reading, Spelling, Arithmetic through Common Fractions, Geography, Map Drawing, Oral Lessons in U. S. History.

B Class.—Language, (including the elements of Grammar and Rhetoric,) Arithmetic, Geography, Map Drawing, U. S. History, Lessons in Literature and Composition, Latin, Reading.

A Class.—Grammar, Arithmetic, Algebra, Physiology, Latin, Botany, Literature and Composition.

 Writing, Drawing, Spelling, and Vocal Music, are continued throughout the course.

ELEMENTARY COURSE.

PREPARATORY YEAR.

First Term.—Orthography, Grammar and Composition, Arithmetic, Geography, Reading, Writing and Drawing.

Second Term.—Reading, Arithmetic, Algebra, Grammar and Composition, Writing and Drawing, History.

JUNIOR YEAR.

First Term.—Reading, Grammar and Composition, Arithmetic, Algebra, Physiology, School Economy, History.

Second Term.—Botany, Algebra, Geometry, Constitution, Drawing, Theory of Teaching, English Literature, Latin.

SENIOR YEAR.

First Term.—Grammar, Mental Philosophy, Arithmetic, Algebra, Geometry, Natural Philosophy, English Literature, Rhetoric, Teaching in Model School, Vocal Music, Drawing.

Second Term.—Methods of Instruction, Teaching in Model School, Book-keeping, Studies Reviewed.

Each Senior is required to teach in the Model School forty-five minutes a day for one-half the school year.

SCIENTIFIC COURSE.

After completing the Elementary Course, students can graduate in this course in two years. The studies required are given on pages 23 and 24.

LOCATION, BUILDING, ETC.

The West Chester State Normal School was founded in the year 1871, by the joint efforts of the Trustees and contributors of the West Chester Academy, and the citizens of West Chester and vicinity.

West Chester is a beautiful town of nearly 8,000 inhabitants, the county seat of Chester county, and is pre-eminent for its healthfulness, morality and intelligence. It is about twenty-five miles west of Philadelphia, with which it is connected by two railroads, over which trains run at all hours of the day. Both of these are controlled by the Pennsylvania Railroad, and all trains for West Chester leave the new Broad Street Station. A short branch road connects West Chester with the main line of the Pennsylvania Railroad at Frazer, where close connections are made with the trains on the main line.

THE BUILDINGS

Are situated in the southern part of the Borough, half a mile from the Court House. The main building is new, built of greenstone and marble, 256 by 112 feet, four stories high, with basement. It is one of the finest and handsomest school buildings in the country. The buildings are surrounded by ten acres of beautiful grounds.

A large new building has been erected during the past year at some distance from the school building. This building contains no students' rooms, but in it are placed new boilers of ample capacity to thoroughly warm the whole school building. The first floor is a well-appointed steam laundry. The second and third stories are fitting up for the Scientific department.

STUDENTS' ROOMS.

The rooms are generally arranged for two students each. All are good sized, have high ceilings, are well ventilated,

and are all thoroughly heated by direct steam radiation. The rooms are comfortably furnished, have single beds, wash stands, bowls, and pitchers, and are furnished with woven-wire mattresses. The ladies' rooms are all partly carpeted.

ADMISSION, GOVERNMENT, &c.

CONDITIONS OF ADMISSION.

Pupils will be allowed to enter the regular course at any point for which they are actually fitted. They may enter at any time during the Session, and will be charged only from date of entrance.

A prompt attendance at the commencement of the Session is of the utmost importance, both to the progress of the pupil and proper organization of the School.

Students desiring to enter the Institution should make application to the Principal at as early a date as possible.

OUTFIT.

Pupils boarding in the Institution will be furnished with single beds, bedding and wardrobe, and are expected to furnish two pairs of blankets, or an equivalent, looking glass, towels, and table napkins; also an umbrella and a pair of rubber over-shoes. Many of the students provide carpet for their rooms, thus giving them a very neat and home-like appearance.

Keys, lamps, and wash bowls and pitchers, are furnished by the School, but their cost must be deposited when they are obtained, which deposit will be refunded when they are returned uninjured.

GOVERNMENT.

Self-Government is regarded as the only true government, and nothing will be required except that which a *true sense of honor and self-respect* would naturally demand from the individual.

The right is reserved to remove any pupil, whose influence is found to be vitiating, from the school.

MORAL AND RELIGIOUS CULTURE.

All students are required to attend the opening exercises of the School in the chapel each day, and all must attend religious services each sabbath morning in the town, at the churches preferred by their parents or guardians.

LABORATORY.

The new laboratory (see page 28), renders the facilities for Analytical Chemistry even more complete than ever; the department is under the charge of a practical chemist, who has devoted years to this important branch, and who is State Inspector of Foods of Pennsylvania. A full course in qualitative analysis, blowpipe analysis of minerals, &c., is given each term. Students receive instruction without extra charge, but are required to pay for chemicals used, breakage, &c. The removal of the laboratory out of the main school building, has removed all the danger often apprehended from such departments.

APPARATUS.

The Institution is supplied with Philosophical and Chemical Apparatus of the most approved kind, a large addition having been made recently. Students in General Chemistry will be charged at the rate of two dollars per term for materials used in experiments before the class.

MODEL SCHOOL.

The Model School is a most important adjunct to the Normal School. If a Normal School fails to inculcate good methods of teaching, it fails to accomplish the great end for which it was established. The Model School should, there-

fore, be what the name implies, a school in which teacher-students may witness the best methods of instruction, and learn to practice them.

This school is conducted with a view to produce the best results, both in the progress of the pupils, and the attainment of correct methods by the student-teachers. Before students are allowed to teach classes in this department, they are required to witness the plans adopted by the Principal and her Assistants. They are then required to teach under the constant supervision of the Principal of the Model School. Two meetings each week are held for the purpose of correcting errors in teaching and suggesting new methods. In addition to the course of training in the common branches, a full course in object teaching and Kindergarten instruction is given by the Principal of the department, who for two years studied the system with Miss Louisa Frankenberg, (a former pupil of Froebel and assistant teacher in his original Kindergarten) and for six years was practically engaged in Kindergarten teaching.

LIBRARY AND READING ROOM.

There is a well selected library belonging to the School, to which students have access, subject to regulations adopted by the Trustees.

The reading tables are supplied with the leading periodicals of the country, together with the city daily papers, and the local county newspapers, to which students have free access when not on duty required by the school.

LITERARY SOCIETIES.

There are connected with the school, two flourishing Literary Societies. The Moore Literary Society, and The Aryan Society, composed of students and members of the Faculty.

The value of these societies as adjuncts of education, is so great that students cannot afford to neglect the opportunities they furnish for literary and oratorical culture.

In addition to the school library, each Society has an excellent, and good-sized library for the use of its members.

MUSEUM.

The museum contains a large and valuable collection of specimens, illustrating every department of Natural Science. It was commenced in the year 1826, and has been annually enriched with contributions from every portion of the world. The justly celebrated "Herbariums" of the late Dr. Wm. Darlington, and David Townsend, now in this Museum, are conceded to be two of the most accurate and extensive private collections ever formed in this country.

TEXT BOOKS.

Text Books are sold to students at Philadelphia retail prices; but all books used in the Elementary Course are furnished on rent to those preferring it.

MUSIC.

The Piano is taught in accordance with the most improved modern methods, and by instructors of eminent qualifications. The pupil is made to feel that an understanding of the art of music, and a mastery of this instrument, constitute no light accomplishment, and cannot be attained by any short and easy way. All the work done, therefore, is upon a plan which contemplates the higher results of musical culture. No pupil is led to expect a single triumph of attainment except as the fruit of patient and long continued labor. Private lessons in vocal music and voice culture are also given by a most competent teacher. Class instruction in vocal music is given without extra charge.

APPLICATIONS FOR TEACHERS.

Frequent applications are made to the Principal for well trained teachers, and it will be our aim to supply the demand as far as possible. Every year demand is made for more teachers than can be supplied.

CALENDAR.

The school year is divided into two sessions. The Winter Session will begin *Monday, August 31st*, and continue *twenty-eight weeks*. The Spring Session will begin *Monday, March*

29th, and continue *fourteen weeks*. There will be a vacation of one week at Christmas, and one of the same length between the sessions in March.

TERMS.

Tuition and board, including heat, light, and washing, for the Winter Session, \$140; *one-half payable in advance*, the remainder on the seventh of December; for a period less than the session, per week, \$5.25. For the Spring Session, \$65 *payable in advance*; for a period less than the session, per week, \$5.00.

For tuition alone, for Winter Session, \$45, *one-half payable in advance*, the remainder at the seventh of December; for a period less than a session, per week, \$1.65. For Spring Session, *in advance*, \$20; for a period less than a session, per week, \$1.50. For tuition in Model School, Winter Session, \$20; Summer Session, \$10. For a time less than a session, per week, 80 cents.

The "State Aid" of fifty cents a week is deducted from the bills of those who comply with the conditions stated *below*, making the total cost to teachers \$184 per year.

Teachers whose schools do not end until after the beginning of the session, are charged by the week at *term rates*, if they enter as soon as their schools close, and finish the term.

EXTRA CHARGES.

For instruction on the Piano or Organ, or private lessons in vocal music, with use of instrument, for Winter Session, \$34; for Spring Session, \$16. For lessons on other instruments, special arrangements must be made with the Professor of that department.

There are no other extra charges except the cost of the chemicals used by those studying chemistry, before referred to.

DEDUCTIONS.

Students absent two consecutive weeks, or longer, on account of personal sickness, are entitled to full reduction for the time lost.

Those leaving for any other cause will be required to pay

for the time spent at the school, at the rate for a period less than a session as specified above.

All bills must be settled with the Principal, who acts in behalf of the Trustees. Bills for one term must be settled before a student will be permitted to enter upon the next term, unless by special arrangement.

STATE APPROPRIATIONS TO STUDENTS AND GRADUATES.

By a recent Act of the Legislature, the following appropriations are made by the State to Normal Students and Graduates.

1. Each student over *seventeen years* of age who shall *sign a paper* declaring *his intention* to teach in the Common Schools of the State, shall receive the sum of FIFTY CENTS *per week* toward defraying the expenses of tuition and boarding.

2. Each student over *seventeen years* of age, who was *disabled in the military or naval service* of the United States, or of Pennsylvania, or whose *father lost his life* in said service, and who shall sign an agreement as above, shall receive the sum of ONE DOLLAR per week.

3. Each student, who, *upon graduating*, shall sign an agreement to teach in the Common Schools of the State *two full school years*, shall receive the sum of FIFTY DOLLARS.

4. Any student to secure these benefits, must attend the School at least *twelve consecutive weeks*. These benefits will be deducted from the regular expenses of board and tuition.

For several years past the appropriation for this purpose by the Legislature has been insufficient to pay the State aid in full during the Spring Session. But for the past two years the West Chester State Normal School has allowed its students the full amounts set forth above, and we expect to do the same next year.

VISITORS AND VISITING.

Calls on the pupils at other times than during the hours of recreation, seriously interfere with the objects they have in view, and therefore, will not be allowed except in case of

necessity. Persons desiring to visit the school are cordially invited to do so at any time.

Every absence from a school duty is a loss which cannot be wholly made up. *Parents are earnestly requested not to take their children away from a single school duty, unless it is absolutely necessary. It will interfere with important school duties if a student leaves school earlier than Saturday morning, or returns later than Sunday evening.* Students are not permitted to visit home or away from the town without special permission from their parents or guardians.

TEXT BOOKS USED.

Readers—Monroe, American Educational, Franklin, Lippincott, Sheldon; *Penmanship*—Spencerian; *Arithmetic*—Brooks, Franklin; *Geography*—Harpers, Appleton, Guyot; *Grammar*—Reed & Kellogg; *Geometry*—Brooks; *Algebra*—Robinson, Brooks, Wentworth; *Book-keeping*—Lyte; *Physiology*—Steele; *Natural Philosophy*—Sharpless & Philips; *Botany*—Wood, Gray, Flora Cestricea; *Chemistry*—Eliot & Storer, Douglass & Prescott; *Zoology*—Nicholson, Orton; *Geology*—Dana's Text Book; *Rhetoric*—D. J. Hill; *History, U. S.*—Taylor; *Constitution, U. S.*—Townsend; *Drawing*—Walter Smith; *Vocal Music*—L. W. Mason; *School Economy*—Wickersham; *Methods of Instruction*—Brooks; *Mental Philosophy*—Wayland; *Trigonometry and Surveying*—Davies; *Analytical Geometry and Calculus*—Loomis; *Astronomy*—Snell's Olmstead, Sharpless & Philips; *Latin*—Jones's First Lessons, Harkness's Grammar, Cæsar, and Prose Composition, Chase & Stuart's Cicero's Orations, Virgil, Sallust, Cicero De Senectute, Livy, Horace; *Greek*—Harkness's First Book, Hadley's Grammar, Boise's Anabasis, Homer; *German*—Cook's Otto's Grammar, German Texts; *French*—Otto's Grammar and Reader; *English Literature*—Trimble, Trimble's Chart, Swinton's Studies, Dana's, Whittier's, Bryant's and Hudson's Selections, Chambers's Cyclopedic; *Orthography*—Raub.

REGULATIONS.

1. Every student is requested on entering, to give the Principal information in regard to the following particulars: Whether he designs fitting himself for a teacher; what length

of time he designs remaining in the Institution, and whether he desires to pursue the regular course of graduation.

2. Students are considered members of the school until the Principal is duly notified of their withdrawal.

3. The hours regularly assigned to study are to be faithfully devoted to the preparations of the exercises required.

4. Students are allowed to walk for exercise in the vicinity of the school, but no one is permitted to visit the town or otherwise absent himself, without permission from the Principal. Absence from the premises after dusk is not permitted. New acquaintances outside of the school must not be cultivated.

5. Permission to be absent from a recitation must always be obtained from the teacher in charge of the class, *before* the absence occurs; and students desiring to be absent from town must obtain written permission from the Principal.

6. Boarding students who are not present at the beginning of the term, must send to the Principal a written explanation of their absence, or their rooms will be forfeited.

7. Every student must be present at the daily opening exercises of the school, and at all general exercises in the Chapel, unless excused.

8. All objectionable books, papers and cards, found in the possession of students, will be taken and destroyed.

9. Disorderly conduct in the building is prohibited. Each student will be held accountable for any disturbance or damage in his room.

10. No nails must be driven into the walls or ceiling, or alterations be made in the windows, doors, or any appendage of the rooms, without permission from the *Matron*.

11. Students are not allowed to visit one another's room during the regular hours of study, without permission of those in charge of the halls. No change of rooms must take place without permission from the Principal.

12. Each student of instrumental music will have regular hours assigned for practice, during which time no spectator must be present to interrupt the exercises or divert the attention.

13. All students who are tardy, unnecessarily, at meals,

must forfeit them, and no one must leave before the rest without good reason, and permission from the person sitting at the head of the table. Any student sick or indisposed, and requiring attention, must have himself reported at once to the Matron.

14. It is expected that the ladies and gentlemen of the Institution will treat one another with politeness, but they will not be allowed to be together or to carry on conversation except in the performance of school exercises, unless by special permission. Neither sex will be permitted to trespass upon that portion of the building assigned to the other.

15. No lady or gentleman attending this Institution will meet, walk, or ride with a person of the opposite sex, except in cases of necessity, and then only with the permission of the Principal.

16. Students will not visit the dining room at any other time than meal-time ; and neither the domestic departments, boiler room, nor the music rooms without permission.

17. The use of tobacco in any form is strictly prohibited in the building or on the grounds.

18. Students will be required to attend public worship each Sabbath morning, at such places as their parents or guardians designate.

19. Students are required to take up enough studies to keep them, in the judgment of the Principal, sufficiently, but must not take up more than they can study with profit.

20. Students must furnish towels, napkins, looking glass, and two pairs of blankets, and have all articles of clothing *distinctly marked*. Each student is permitted to have twelve pieces washed each week without extra charge.

-----------------	----------------	---

 The attention of our graduates is called to the fact that by a recent ruling of the Superintendent of Public Instruction, they can be examined upon any of the studies of the Scientific Course at the Annual State Examination, and have these branches put upon their diplomas. They are urged to consider the great advantage of doing this, and to confer with the Faculty about it.
